

DESTINATION PRAGUE
EURASPHALT & EUROBITUME 6th E&E CONGRESS

6th Eurasphalt & Eurobitume Congress

Investing in our greatest asset: roads

1-3 June 2016 – Prague Congress Centre

The Eurasphalt and Eurobitume (E&E) congress is a unique event organised every four years since 1996 by the European bitumen and asphalt industry in a well-known European city.

The congress is used as an important vehicle to raise the awareness across a wide scope of the industry about key drivers in the market environment, to share best practices and technology, and also to respond with solutions to future challenges. This successful platform allows the bitumen and asphalt industry to work together and respond to these challenges identified by showcasing how they are contributing with solutions through their extensive network of experts and professionals.

Key facts

Date

1-3 June 2016

Venue

Historic city of Prague

Theme

Investing in our greatest asset: roads

Network
